

# Lake of the Woods One Watershed One Plan Update

Volume 3

January 2018

News

In December the Policy Committee met & reviewed the following sections of the plan:

- **Analysis and Prioritization of Resource Categories, Concerns and Issues (Section 2):**
  - This part of the plan prioritizes all the 48 issues utilizing all of the input received.
  - Input was gathered from existing plans, local and state agencies, attendees of the local public kickoff meeting, public survey results, zonation and the 1W1P Committees.
  - The issues were grouped into three different priority levels, (A, B, and C, with A being the highest priority).
  - 6 maps were generated to identify and visualize the level A & B priorities.
  - This section is scheduled to be approved by the Policy Committee in February.
- **Measurable Goals (Section 3):**
  - Measurable goals are being assigned to each A & B priority issue identified within Section 2.
  - Measureable goals are a quantifiable changes in a resource condition that is expected result after the implementation of the 10-year plan.
  - Actions & Strategies will be selected to achieve desired goals for the watershed.
  - This section is scheduled to be approved by the Policy Committee in February
- **Implementation Programs and Tools (Section 5):**
  - The Advisory Committee and key stakeholders have been working on a list of capital improvement projects for the watershed. These projects are greater than \$150,000 and relate to water quality or habitat issues identified in the plan.
  - The Advisory Committee is also compiling a list of all of the ordinances affecting the watershed for all of the jurisdictions to address implementation strategies.
